Project Summary: (continue on page 2, if necessary)

Tri-Star Basketball was run according to the instructions on the Optimist International website. We solicited volunteers from the club, had a marketing person contact local media for advertising, posted signs in several local businesses, and had donations of cookies, drink and food coupons from local businesses to award participants. Many great ideas for promoting and running the event were gained though attending the district meeting presentation by the SWIS District contest coordinator.

As in the past we awarded medals to first, second and third place participants. First place winners were eligible to compete at the SWIS District competition. We bought t-shirts with our club's logo for the winners to wear to the district contest, and we paid the district contest entry fee for them.

As happened after past contests, we received nice feedback from some of the participants' parents, confirming that the work we put into the contest was worthwhile for the impact we had on those who participated.
